**Type of examination**

<b>schrP</b>	written examination	The written examination is a written examination lasting 90 minutes, unless explicitly stated otherwise.
<b>mdIP</b>	oral examination	The oral examination is an interview lasting 15 minutes per person, unless explicitly specified otherwise.
<b>prP</b>	Practical examination	Based on "real actions" of the student, it should be demonstrated that the student has mastered the practical application of the competences taught. The practical examination lasts 15 minutes unless explicitly stated otherwise.
<b>StA</b>	Student research project	The student research project is a term paper without an oral presentation. A term paper comprises a minimum of 3000 to a maximum of 6000 words (approx. 10 to 20 pages: Word processing programme approx. 8 to 15 pages or presentation approx. 15 to 20 pages).
<b>SA</b>	Seminar paper	The seminar paper is a term paper with an oral presentation. A term paper comprises a minimum of 3000 to a maximum of 6000 words (approx. 10 to 20 pages: Word processing programme approx. 8 to 15 pages or presentation approx. 15 to 20 pages). The oral presentation has a total length of 15-20 minutes and can also take place during the semester.
<b>Proj</b>	Project work	The project work is a group project in which several students work on a joint task as a team and present the results orally and in writing. Each student must contribute individually to the joint task and deliver an oral presentation lasting 15 minutes. The written part has a length of approx. 5-25 pages.
<b>MA</b>	Master's Thesis	Written thesis in the Master's Thesis programme: Maximum processing time (= period between registration of the Master's Thesis and submission) of 6 months/scope 60-80 pages (excluding cover sheets, lists and appendices) created with a word processing programme.
<b>Coll</b>	Colloquium	The colloquium is an oral examination lasting 10-15 minutes in which the student defends the results of their written thesis.
